1. The first part of the book is a general introduction to the study of the history of the world, and is divided into two main sections: the first section deals with the history of the world from the beginning of time to the present, and the second section deals with the history of the world from the present to the future.

*I feel the morale of the NJROTC
is higher this year than ever
before.*

*— Derrick Howell '88
Commanding Officer NJROTC*

Homecoming offered an opportunity for alumni cheerleaders to return and support their school.

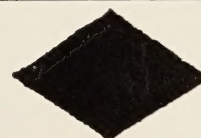

I feel this is the best Homecoming since I have been at Warwick because I was directly involved.

Our Colors Shine

The Homecoming Parade was one of the most exciting events of Warwick's Homecoming. Showing their school spirit, students appeared at Warwick as early as nine o'clock Saturday morning to decorate for the dance and the parade. Decorating seemed to be a large part of the fun for most students. The Keyettes participated in the parade by decorating a car, which was driven by Junior Celine Riffle. The Warwickshire singers were represented by a float. The float held the singers who performed at the game. The band was represented by a bus that was decorated with maroon and gold. The Junior Varsity cheerleaders showed their school spirit by participating in the parade with a truck decorated in our school colors. The Senior class

participated by having a car and a float. The Junior class was also represented by a car and a truck. Yelling and waving to their friends, everyone seemed to be excited about the parade. The weather was perfect. The parade began at 12:30 and followed a course along Warwick Boulevard from Warwick High School to Todd Stadium. The parade carried an intense level of excitement and fun as students supported the football team. Shouts of "Warwick Raiders are number one" were heard throughout the parade.

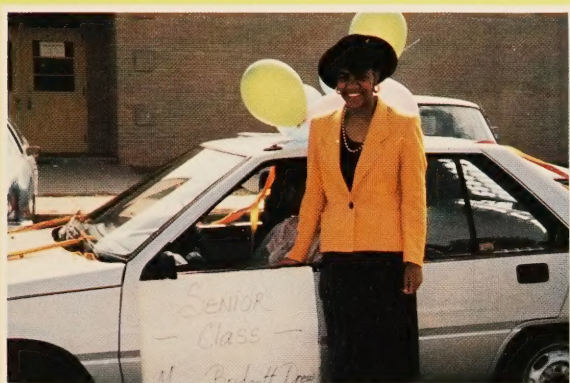

Junior Jennifer Hughs shows her school spirit as she decorates her car for the parade.

“True Spirit”

The Raider Band never fails to display true school spirit. The gold truly shines as the band proudly marches onto the field at each game. Adorned in new uniforms, the band, flag corps and majorettes add dimension to the sound they create.

The band is an enormous part of all Warwick activities; playing at pep rallies, assemblies, football games, concerts, pageant and PTA meetings. Each performance reflects the many hours spent in rehearsal. The band functions as a unit and therefore each member must participate fully. Being involved in the band requires both time and devotion. Band members are school spirited individuals, who are proud to be Raiders.

“I have enjoyed my four years of experience with the band.”

An very important part of Homecoming is the assembly, in which the court is presented. Above, members of the court appear, across the stage, in assembly.

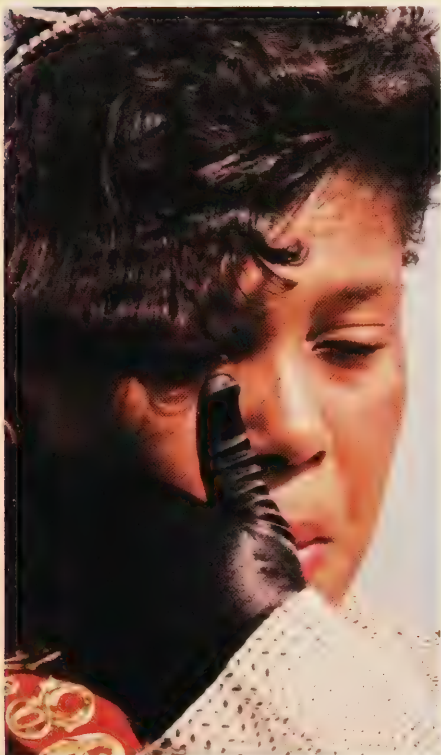

A Golden Day

Homecoming holds a variety of meanings for every person. To some it is a formal dance or a chance to wear a Homecoming mum yet to others it is a school football game. To graduates, Homecoming is a chance to return to high school or a combination of all these. For all students Homecoming is an exciting week full of school spirited activities ending with a game and dance. The Students Council Association organizes activities for the week proceeding the dance. Days such as "Twin Day", "Dress Up Day", and "Maroon and Gold Day" are part of the Spirit Week. A court is selected by the students containing two representatives from each underclass and four representatives from the senior class. It is from these senior representatives that the Homecoming Queen is selected by the student body.

The Keyettes hold mum sales, a tradition at Warwick. The mums are delivered to students' first period classes and are worn to show true

Raider Spirit. October 17, 1987, a big day for most students, finally arrives. As early as 9:00am students gather in the school parking lot to decorate cars and floats for the parade. This spirited parade proceeds from Warwick High School to Todd stadium for the game. At half time the band preforms, the court is presented, and the queen is announced. The dance which follows the game is perhaps the most exciting part of Homecoming. Students plan far in advance for this event; buying dresses and making reservations, are of most importance. Homecoming provides an opportunity for all organizations to become involved and unite efforts to create a memorable event for everyone.

The NJROTC plays a very important role in the presentation of the court. NJROTC members stand straight as Trenette Doles, Homecoming Queen 1986, is escorted by Richard Stacy, school principal, onto the field.

A Night To Remember Always And Forever

The Homecoming Dance held October 17, 1987 in the cafeteria was a special occasion. A dress code was imposed for the first time requiring girls to wear skirts and allowing no jeans. The attire was more formal due to the dress code and therefore the evening held a certain glamor. A variety of couples came to dance and socialize. The dance brought a large turn out; in fact many people appeared that had never attended a Homecoming before. Students flooded the dance floor to dance to the music provided by Bobby Roscoe. Themed "Always and Forever" the evening held special memories for many.

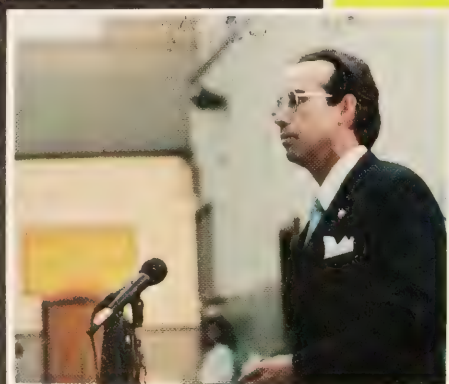

The 1987 Homecoming Court was presented and a song was dedicated to the Homecoming Queen, Cluverius Solomon. Couples danced until the last song was played and then left sharing in the warm glow of the memories created at Homecoming 1987; a night to remember Always and Forever.

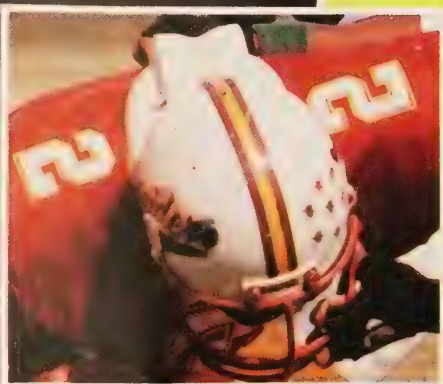

Rushing For The Gold

Holding the ball, the Raiders gain yards.

At the pep assembly, Coach Lyons encourages Raiders to support the football team.

Fighting hard, the Raiders refuse to be put down.

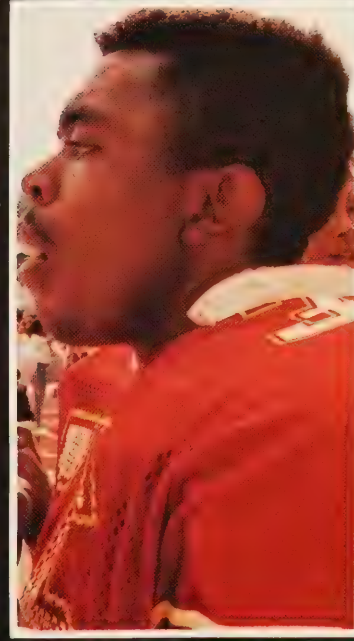

The first half of the game was tough for the Raider team. Kecoughtan's offense scored two touchdowns off of mistakes made by the Raider defense. In addition, the raider offense made several mental errors which proved fatal to the team. Continuously coming up short on the goal line, the Raiders ended the first half down by double their score. The second half was a turning point for the Raiders. Player **Darrell Boyd** commented by stating "we came together as a team in the second half and played well enough to win but we just couldn't make up for our earlier mistakes." The final score, 23-34, gave Kecoughtan the victory.

'I was proud of the kids, they played well. We could have hung our hats out to dry but we fought back for a chance to win.'

— Coach Lyons
Varsity Football Coach

Getting Involved

For some students school does not end after their last class. Meetings, athletics, rehearsals, and band practices are just the beginning. These activities and the people involved in these activities contribute to the entire character of Warwick High School.

Club meetings, pep rallies, and organized activities break the monotony of the school routine. Student involvement in extracurricular activities is important for a well rounded curriculum. Although academic excellence is of primary importance at Warwick, students are encouraged to participate in activities which will further acknowledgement of Warwick. Participation by the student body is the key to a meaningful school experience.

Dewitt Joyner finds that involvement takes time and devotion.

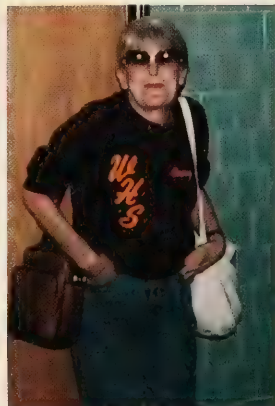

I have been an active member of my class executive board for four years to insure that my senior year is the best it can be.

— John Powell '88

Our Golden Moments . . .

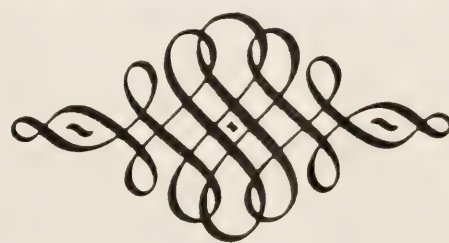

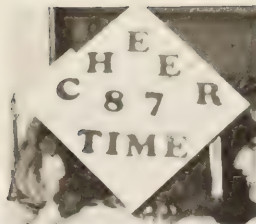

Looking Forward To Looking Back . . .

The biggest event of the Junior year is the Ring Dance. Juniors gather to celebrate the arrival of their class rings. A large part of the ceremony involves the announcement of each couple. When announced, the couple appears under the ring archway and turns their date's ring.

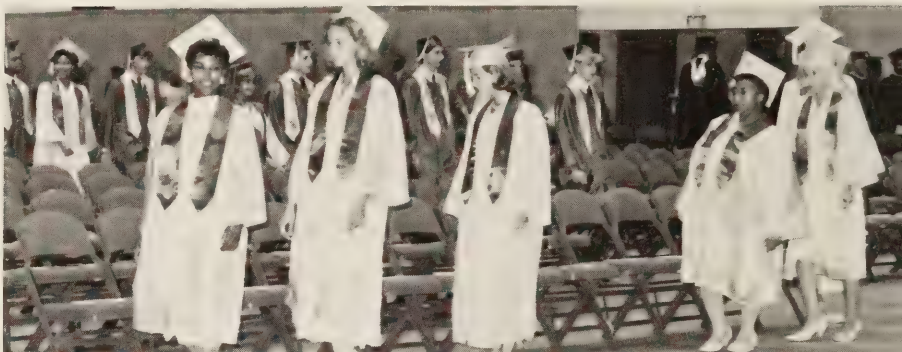

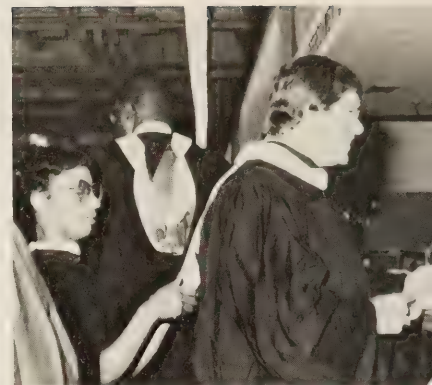

The Prom, an event only second to graduation is our last opportunity to capture unified memories as a class. We toast to good times, good friends and good memories. The evening, long awaited and prepared for is one of the most memorable of the senior year. Capturing these memories on film is only one more step in making them a part of our lifetime.

Seniors as a class, look forward to graduation. Their excitement fills the air as they gather in Hampton Coliseum for the final event of high school life. Preparing for the procession, friends offer to straighten a hat or hold a hand. Tears fill the eyes of many; as they realize that this is it.

Graduation follows a set standard at Warwick. Faculty members, following tradition, attend adorned in robes displaying the colors of their college and degree. The class song is performed by the senior Warwickshire members. A speech is given by the salutorian and then the valedictorian. The National Honor Society members graduate first followed by the rest of the class. Graduation represents the crossroads in every student's life. Every student will go a different way, leaving behind the golden moments of high school at Warwick High.

Warwick High School's young golf team had a promising year in 1987. With three sophmores, two juniors, and only one senior, the Raiders played solid golf and set the stage for an encouraging future. Under new coach Bruce Field, Warwick finished 7th in the district and had its best showing of the season by finishing 5th at the Fort Eustis tournament.

Two Raiders, sophmore Billy Overman and junior Craig Robbins, qualified for the Regional Golf Tournament at Bow Creek in Virginia Beach. Very few Peninsula District golfers attain this honor, and Warwick has not had two regional qualifiers in years. For their consistently fine play, Billy and Craig were named co-MVPs for the year.

Best Looking

Looks are one of the first things that a person remembers when they meet someone for the first time. For some, good looks are natural; while for others, good looks require much work and effort. In determining the candidates for best looking much emphasis was placed on their stamina as well as their physical attractiveness. Although a great deal of emphasis was placed on the individual's looks, the true inner qualities were measured with equal weight.

McShawn Hanks and **LaTonya Ellis** have been selected as best looking for the 1987-1988 school year. Their peers commend them for their good looks which add to their congenial attitude and outgoing personality. These two have clearly demonstrated the essential qualities for this honor in the eyes of our student body.

The Senior class in one of its' many efforts to raise school spirit, class participation, and treasury size held a car wash November 6th. The Executive Board showed a strong intrest in supporting the class by collecting many sponsorers. The Board received a pledge for each car they washed, promising to wash 100 cars before stopping.

Despite the cold temperatures, over 30 Executive Board members appeared to scrub the pledged 100 cars. Besides a lot of hard work, there was also fun and laughter at the car wash. Friends chased one another with hoses, soapy sponges and buckets full of water. Working in shifts, these devoted seniors enjoyed a day with friends, participated in a class activity and proved that team work is the best.

Best Dressed

Students express themselves in many ways, some by their actions and others by their attitudes or type of clothes. Many students have had influence on the fashion trends in school. They have been noted for their high top tennis shoes, Forenza pants, or stylish hairdos. These students seem to stand out in a crowd and get noticed.

From store to store these students shop for the unique. Setting a standard of dress for the entire school, Eric Steele and Nicole Jones have been chosen by the senior class for their distinctive dress.

Several students at Warwick deserve recognition. Honorary societies such as the National Honor Society, the Math Honor Society and the Quill and Scroll have been established to honor students with outstanding achievement. Membership in these clubs is based on academic achievement, grades, test scores, class standing, and leadership ability.

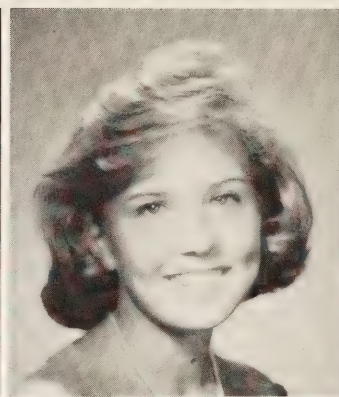

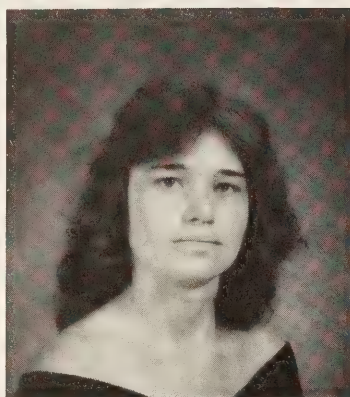

The PSAT, offered to juniors in the spring, serves as an indicator of the students level of ability. Few of the scores are high enough to receive recognition by the National Merit Association. However, this year, Laura Lising received recognition as a semifinalist. Ann Feely and Jennifer Barbour were awarded letters of commendation for their accomplishments.

A head above the rest . . .

Most Talented

Talent at Warwick High can be found throughout the entire school. Roy Allister and Cary Mills have been selected the most talented people in the class of 1988. Not everyone is born with a hidden talent, and even if one is, it takes perseverance to discover it. Two students have persevered and displayed their talents and thus have reaped the benefits of praise, recognition, and more importantly self satisfaction. The excellence in the quality of their work will continually grow with their individual qualities. Roy Allister and Cary Mills are certainly deserving of the title "Most Talented".

Senior privileges are a gold standard at Warwick. As underclassmen, we envy those with the right to leave campus for lunch; but as seniors we value our rights. Leaving the campus for lunch gives us the opportunity to share lunch with friends from other local high schools. Allowing us to avoid long lunch lines, we have the chance to spend the majority of our lunch talking with friends. McDonalds, Wendy's, Hardees, Taco Bell, Burger King, Kentucky Fried Chicken, Pizza Hut, Hot Dog King seem to have the menus that appeal to us all.

In addition to the opportunity to leave campus for lunch, the seniors have a specially designated area, the senior section, in the cafeteria, where they are able to share lunch with other seniors.

Daydreams Of A Golden Future

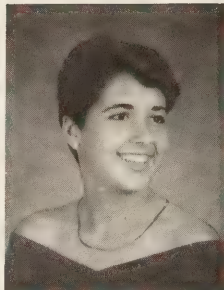

Most Athletic

At Warwick, we have many students have worked hard to condition their bodies and minds in order to play a certain sport like football, basketball, or any one of the sports offered at Warwick. The most athletic ones are those who play in more than one sport and pace their bodies accurately to the fullest extent.

The students that really stand out are those who can excell at a varity of different sports. With this in mind, we have selected Kerry Wooden and Rhonda Hammond as the most athletic students of the class of 1988.

Although the senior year is the final year of childhood and of high school it is also the beginning year in many ways. Many students will begin working and establish careers while many will attend two and four year colleges. For those who plan to attend college the first few months of school are the busiest. In addition to school work and extra curricular activities, there are college applications to complete and SATs to take. For many students, the first semester of the twelfth grade is the most difficult. On the other hand, the second semester of the senior year seems to be the best time for students who are suffering from "Senioritous" to relax and enjoy being a kid.

New Horizons:
unlimited opportunities

Friendliest

To many of the candidates, including the winners, being friendly was not an artificial trait, but a natural, inherent quality they enjoyed sharing with others. Little things like lending a hand and offering a smile came easily to those voted most friendly. When a low-spirited pal needed someone, their warm sincere smiles were always there. Recognized for their sincerity, good cheer, and willingness to serve, Roy Allister and Cluverius Soloman were voted the friendliest. So here's to you Roy Allister and Cluverius Soloman. Established in 1986, the New Horizons Magnet School for Science and Technology provides accepted students an opportunity to take challenging courses. With two campuses and two class periods, New Horizons accomidates most students schedules. Students may attend either 7:30 to 9:30 each morning or 12:00 to 2:00 each afternoon.

One of the four Governor's Schools in Virginia the Butler Farm campus offers courses in Biology, Chemistry, and Physics. Students involved in these classes are required to work with a professional in the community as a part of their earned grade.

In addition to the science classes, New Horizons offers classes in drafting, air conditioning, cosmotology, automobile mechanics, and many other occupational courses. New Horizons is for students that are serious about their future and anxious to begin it today.

Most School Spirited

If you look around Warwick, you will see many members of the senior class wearing maroon and gold, buttons, or any other of a multitude of items to promote spirit. A few will go even further and actually try to promote the spirit. In addition to the school colors adorned by many students, a true spirit is also possessed. Those students which support all school functions and cheer true heartedly for our school are a gold standard for the entire student body. The class of 1988 has selected Lutise Pretlow and Crystal Venable as they fit this description the best.

Lutise Pretlow

A part of each day at Warwick, the morning and afternoon announcements are essential. During first and sixth periods, the well known phrase, "May I have your attention . . ." swells through the halls and classrooms of Warwick. SCA members Crystal Venable and Cluverius Solomon inform students of up coming events, important dates, recite the *Pledge of Alligence*, and hold the moment of silence. As a Keyette, Susan Garriss, gladly assumes the announcements in the afternoon. The announcements are an important part of each day, making high school students aware of what is going on.

All of us like a good laugh. Throughout our high school life, we all had at least done something that was funny. Yet, there are those who have the talent to do this on a daily basis. When we leave, we hope to become successful. This is the main reason of studying hard in high school. There are many summer enrichment programs which allow students to gain valuable knowledge outside the school atmosphere. Each year, several juniors are selected to attend Boy's and Girl's State. This program is held at various colleges in Virginia and lasts one week. The boys and girls attend different weeks and develop a mock political system to help them better understand the process of American government.

Several rising juniors and seniors are selected for their academic or artistic achievement to apply to Governor's School for the Science or for the Arts. This program is either four or six weeks long and is held at various colleges throughout Virginia. Selected students attend classes in their chosen curriculum and in addition learn about another culture.

Most Popular

Many faces are familiar throughout high school but few students can be coined most popular. Those students which possess friendliness, cheer, and warmth are most often popular with their peers. Take Time To Be Involved

Best All Around

Throughout our many years of school, students have displayed their talents in many different ways. Some showed great leadership ability, while some were exceptional at sports and others succeeded academically. When all of these qualities along with friendliness and conscientiousness came together, the result was a admired, well rounded student, looked up upon his peers. Often they could be found staying after school to help better their clubs and organizations. Despite all of the activities in which they were involved, they managed to keep up their grades and always have time for their peers. This is what makes Robert Holden and Alphenia Ruffin the Best All Around of the class of 1988.

The Senior Class Executive Board of the class of 1988 consists of 70 members. The large number of students involved demonstrates the amount of enthusiasm possessed by this class. As a group, these seniors hold fundraisers in the form of car-washes and jello wrestling, award senior superlatives, host prom and print the Seniors Last Will and Testaments.

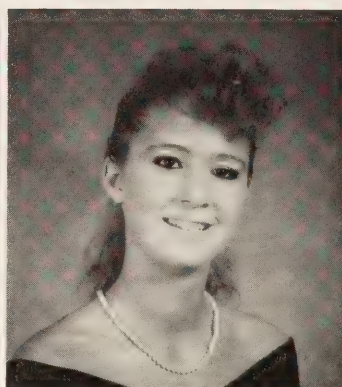

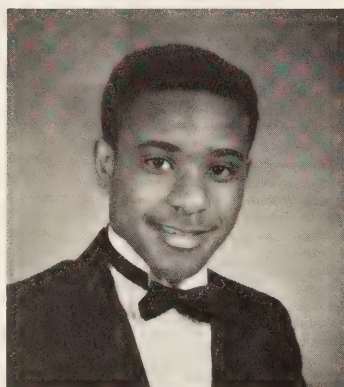

The class of 88 is a spirited group which has a unity and drive unmatched by any other class. This is the final year together for many of us and being a part of the graduating class of 1988 holds a special place in each of our hearts; we made it through — together.

Our Final Ounce — Our Final Year

The way we were . . .

Throughout high school there are certain people who always participate. Although they may not stand out; they are always out there. Everyone knows them. Perhaps they aren't voted most popular or most school spirited but what about "most active?" The athlete who plays several sports, the student who is behind the majority of a clubs activities, the student who attends every school function. These are the students supporting and working for a better high school. Do you recognize these students? They can be found at almost every Warwick event, you can see them every day.

As golden moments
turn to precious memories

SENIOR SECTION

Mark Twain said, "These are the best of times — these are these are the worst of times"

... I think I knew what he meant.

Our last year of high school — after what seemed like forever, our time has come: we're seniors!

Graduation is coming soon — and then we are out of this school.

But what comes next?

College? A job? Who knows?

The possibilities are endless — excitement is in the air.

Graduation opens the future to us — and in doing so closes a chapter in our past.

We are the leaders of tomorrow — ready for anything

These are the best of times ...

Our friends may not have the same plans as we do.

Things happen — we go our separate ways.

They say college changes people — some people never change.

We may be friends after high school,

We may be friends for the rest of our lives.

We may never see each other again.

Nothing is certain.

These are the worst of times ...

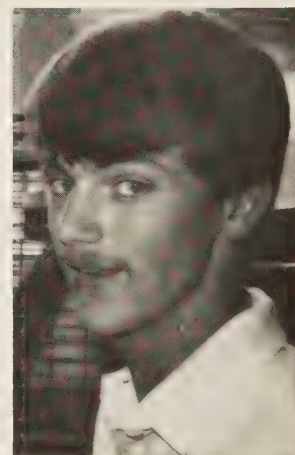

We smile at graduation and say our tears are tears of joy — are they?

We are caught up in a whirlwind of unanswerable questions and unexplainable feelings ...

... As we cross our fingers and take our first step out of childhood and into reality.

SOPHOMORES

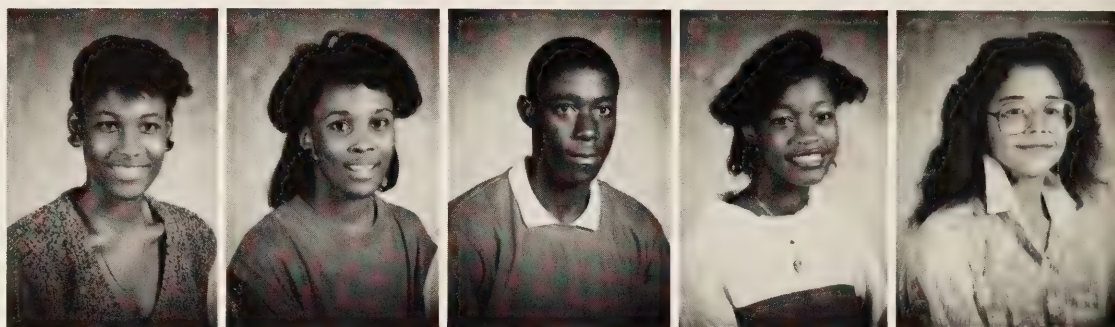

◆ sof'ə mōr', -mōr' ◆

Sophomore — [prob. fr. Greek sophos wise + moros dull, foolish, stupid — more at moron] 1. A student in his second year or with second year standing at a college; also: a student in his second year at a secondary school. 2. A person with two years of experience.

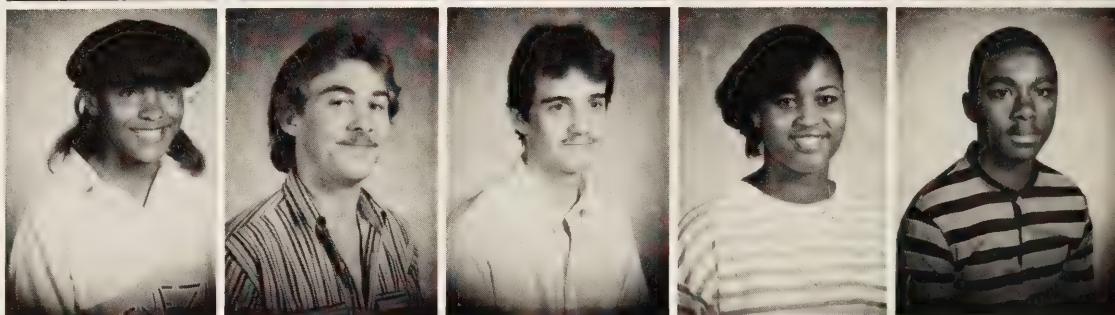

A Warwick High School sophomore is a student that applies him — or herself to achieve their absolute best in everything that he or she is faced with every day at Warwick through out the year.

LUNCH!?!

One of the big highlights of the day for most sophomore students is lunch , as shown here by Aaron Smith and friends. Although others , they would rather go without lunch. But most students , when asked , said that the school lunches are not that bad. When asked what their favorite school lunch was almost all said it was the pizza and the hamburgers or cheeseburgers , but who could not like it.

As a service organization, the Keyette club offers girls an opportunity to volunteer in the community and share their enthusiasm with others. These devoted girls hold two blood drives a year, work with the elderly, and with the mentally handicapped. The Keyettes biggest school wide events are the Miss Warwick pageant and selling Homecoming mums. Throughout the community they offer themselves as volunteers for the salvation army, tutors at Sedgfield Elementary, PTA babysitters, and dedicated supporters of the Arthritis Foundation.

Keyettes take turns producing the daily afternoon announcements, and by doing so they keep the school well informed of all the news and activities taking place. Keyettes devoted much of their spare time to benefit our school and community. A Keyette is one willing to offer a helping hand and a sincere smile.

Melanie Ayscue and Barbara Higgens, soaked with Jell-O, wrestled to support the Senior Class.

The Senior Class Exec. Board's main goal is to make their final year at W.H.S. and their prom the best ever. With the effective guidance of Mrs. I. Lee and Mrs. Jordan, and the active participation of all members, the Sr. Class Exec. Board has proven to be an ideal group to represent the "Class of 1988"! Fundraising plays an important role in the success of the Senior Class. They sold candy, and held two car washes, but the biggest event was Jell-O Wrestling. This was the first time Jell-O Wrestling has been held at W.H.S., and it proved to be rewarding. The pictures above are evidence of the good time the Wrestlers and the Spectators had that night.

Mrs. I. Lee and Mrs. Jordan, best friends, show their support by rushing to the ring for a tag-team match in Jell-O.

Jeff Anthony makes a decision for the senior class.

The board put much time and effort into deciding on a theme, time, place, and the colors for prom. After many meetings and constructive debates, their decisions are final and the plan was put into motion. Theme: "We've Only Just Begun". Colors: Peach and Cream. Date: Friday, May 13th, 1988. Place: Ft. Eustis Officers' Club. Time: 9 p.m.-1 a.m.

Sponsors, Mrs. J. Lee and Mrs. Jordan, discuss prom issues with Vice President P-Nut Ruffin.

John Powell, an active member, rushes to a meeting to share his ideas.

Ann Feely, President, makes suggestions for prom theme and colors.

You see these people everyday. Anytime you go into the auditorium you see their work. These people are the Warwick High School Sight and Sound Crew. They work every play, every concert, and they even work on the pep-assemblies. But do you ever see them at work? No! Well thats because their behind the scenes. They work on the lights, the sound, and behind the video camera. If a play starts at seven o'clock they'll be there by six. And when it's all over they're there well into the night. It's long, hard, thankless work but when there's work to be done they'll be there.

RITA MCDONOUGH

RITA·TONEY AWARDS

SPURGEON P. TONEY

The Rita-Toney awards started out as the Rita Awards in the early '70's. Then in 1985 the name was changed to the Rita-Toney awards. This is a tribute to them. We thank them for their contribution to the theatre department. They would be rising stars but their tragic deaths caused them to become sinking stars but they are still stars to us.

The International Thespian Society is an educational organization which aims to establish and advance standards of excellence in all phases of theater arts in the secondary schools throughout the world. To be considered for induction you must earn a total of 15 points and be in two major productions at the high school you are inducted at. To be a Thespian is hard work and you must be committed to prove your troupe well. As the motto goes "Act well your part there all the honor lies."

FBLA

This has been one of the best years for the FBLA. They have a large group of interested students that have helped make it great. This year the Bookstore has been reopened to better serve the students of Warwick High School. Around the Christmas season the FBLA was able to contribute to the community by giving toys and gifts to sick children in the hospital who were not able to spend it at home with their families.

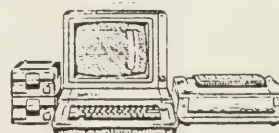

Last year the FBLA went to their annual conference where much fun was had by all. Although they did not win in many of the categories they accomplish a lot.

The Bookstore has brought in a lot of support for the FBLA.

Computer Club

Our main goal of the Warwick High School Computer Club is to promote the knowledge of everyone. This is the main reason we participate in area programming contests and hold computer awareness campaigns. We realize that computers hold the key to our future and we are concerned that less and less students are going into computers as all occupations of the future will require computer knowledge. We are trying hard to correct this terrible dilemma. We invite all seniors and underclassmen interested in their future with computers to join us in our quest in preparing for the future.

Enjoy Your Golden Years

The Annual Staff does not normally acknowledge the retirement of any faculty or staff. However, there is an unusually large number of people leaving this year.

A schools' personality is multifaceted and constantly changing year by year. The only facet that remains a constant is the administration and faculty. These are the leaders and policy setters that keep the school in top form. These are the ones responsible for maintaining the high standard of

education that is a Warwick trade-mark.

June 18, 1988 will be the last day at Warwick High School for three of four administrators and a government teacher that has been the bane of many seniors.

We would like the faculty that are retiring to know that they will be missed. Their dedication to Warwick and its' students have inspired all that have known them.

Enjoy your retirement !!!

Thanks For The Golden Opportunity

The Annual Staff would like to thank the following people without whose continued support and encouragement this book would not have been possible.

Mrs. Hanbury — for all your endless support and understanding thru all the trying points of the year. Although we missed a few deadlines you still hung with us to get them done. We hope that the yearbook of the 1987-88 school year will make you proud. Thank you from everyone on the staff.

Mr. Hanbury — for again another year of late night deadlines work. We appreciate your support and understanding.

All Teachers — for allowing us to miss class to finish deadline work and pictures.

Mr. Stacy — for approving the cost of our cover and unfailing support of our endeavors.

Mrs. Alford — for your help with the ID cards, office supplies, and everything else you do.

Mrs. Mask, Mrs. Anthony, & Ms. Owsley — for supplies assistance and phone use, and picture identification and for all the little things you do that we might forget to say thank you for.

Mrs. Thopson — for class list and locators.

Mrs. Krause — for keeping our money stright.

Library Staff — for allowing us to use the computer which we greatly needed.

Mr. Keeseacker — for allowing us to disturb your class so we could use

the computers.

All Coaches and Club Sponsors — for identifying unlimited pictures.

Mr. Holder — for the computer paper.

Mr. Horne — for the help with the computers.

Coach Worthington — for game passes and helping us schedule team pictures.

Tom Knox Max Ward Delmar — for being flexible and assisting us with the photography.

Mr. Field — for all the pictures you took for us.

Mrs. Buggs — for all the pictures you gave us.

Mrs. D. Barrett — for the pictures you took for us.

Larry Shewan — for yuor support and the pica rules.

Mrs. Hanbury's classses — for understanding the pressure we were under at deadline time and allowing us to disturbe your class.

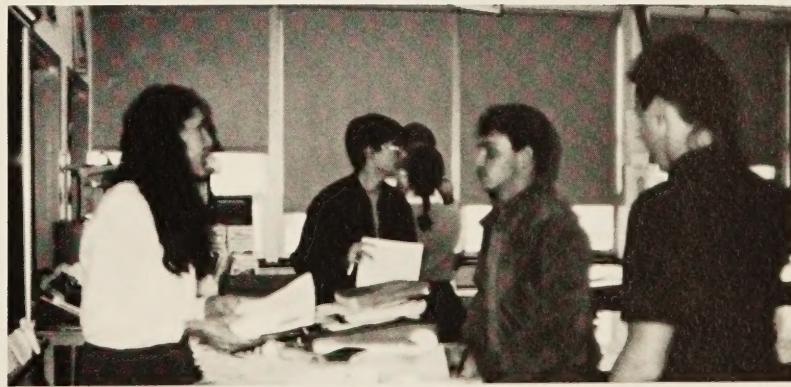

Parents' of Harry and Kerry Wooden — for giving us the baby pictures.

Parents' of Alphenia Ruffin — for giving us the baby picture.

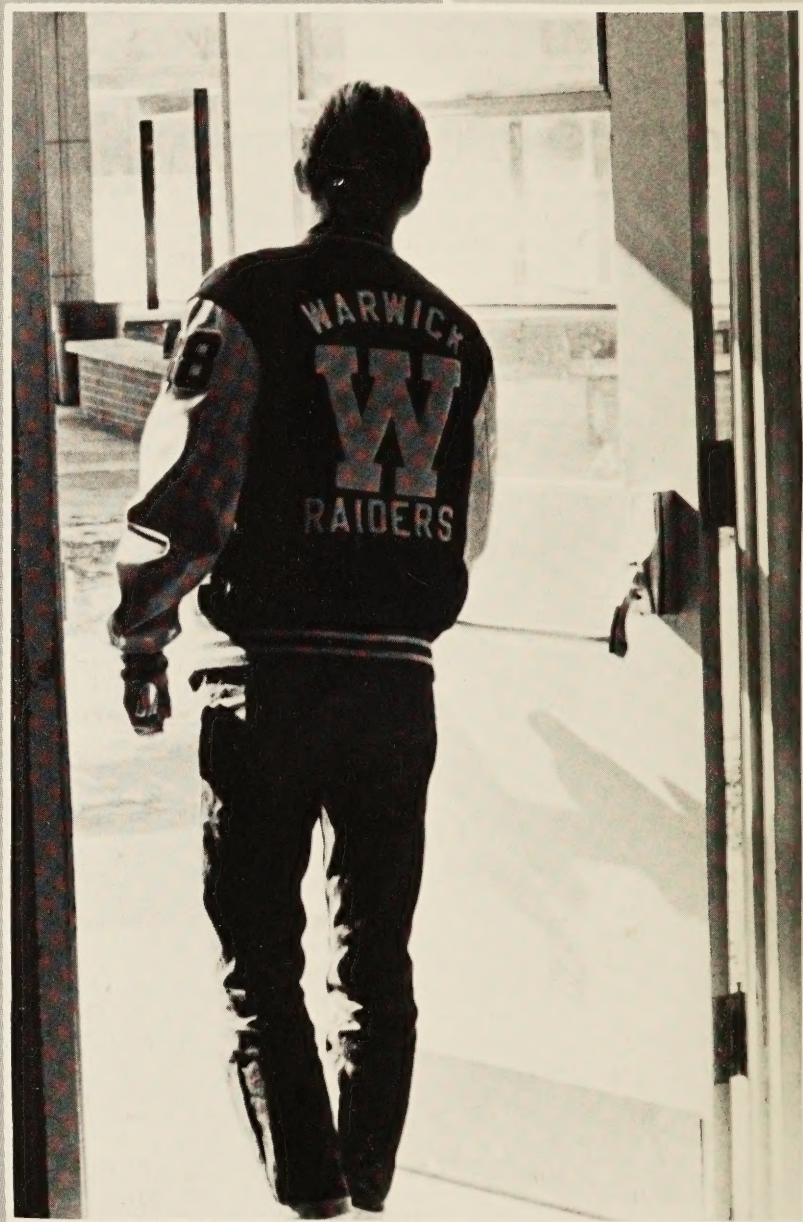

Parents' of Susan Garriss — for giving us the baby picture.

Parents of staff members — for putting up with our after school hours and the time we had to devote to the yearbook.

To all those who purchased this yearbook — your support makes our hard work worth while. Thank you for making this year one to remember.
